Proposed Outcomes

Proposed Outcomes for the Project*

How will you measure the success of this project? Proposed outcomes should be translated into 2-3 bullet points (metrics) that describe (ideally, quantitatively) what will be different and better because of this work. If possible, include your current performance on the same metrics. See guidance below this question for additional information. Another way to think about these is to consider what your Board is holding the leaders of your organization accountable for in the next 18-24 months as a result of this grant.

Note that should your organization receive a grant, the Longwood Foundation will likely ask that you not return with another request until the time frame for the outcomes of this grant has elapsed.

Character Limit: 2000

Guidance on Proposed Outcomes

We recommend that you include these five pieces of information in every outcome metric*:

1. WHO will complete the output or be the beneficiary of the outcome?
2. WHAT is the activity or result expected to be achieved?
3. BY WHEN will it occur?
4. HOW MUCH will be done or accomplished (i.e., how many or what percent)?
5. HOW WILL YOU KNOW the result was achieved?

Example outcome: By _____ (WHEN), _____ (HOW MUCH) of _____ (WHO) will _____ (WILL DO WHAT), as measured by _____ (HOW YOU KNOW).
